Kraft Takeaway Containers

Our Future Friendly branded Kraft Takeaway Containers are the perfect blend of sustainability and strength. Crafted to be environmentally friendly, these commercially compostable containers are remarkably sturdy and durable, making them ideal for all types of food.

Available in a range of sizes, they offer versatility for any meal.

Kraft Takeaway Containers

Features and Benefits

- Certified commercially compostable to AS4736 in industrial facilities where these exist.
- Sturdy, durable and suitable for various types of food from hot, savoury, sweet or greasy dishes.
- Lined with PLA, a renewable and sustainable resource alternative to regular plastic lining.
- One lid fits all containers, allowing you to streamline your lid inventory.
